I am an over the road truck driver and I have many tools that keep my wheels turning. one of them being XM radio. With XM radio i have clear and precise local traffic and weather reports constantly. without having to search for clear local radio stations. It lets me keep my eyes on the road and hands on the wheel. I pay for these services and it should not be up to the NAB to dicate what I am permitted to listen to. I urge the FCC to reject the NAB'S petition 04-160 and support XM'S ablility to provide the kind of programming that I demand and deserve.
